
Particle Radiotherapy Clinic

Doctors

The doctors in Particle Radiotherapy Clinic are as follows:

○ Doctors from National Institute of Radiological Sciences

President Hirohiko Tsujii

Fellow/Ex. Executive Board Member of National Institute of Radiological Science

1968: Graduated from Hokkaido University School of Medicine

1990: Professor of Faculty of Clinical Medicine, Tsukuba University (President of Proton Medical Research Center)

Visiting Professor of Gunma University School of Medicine

Doctor Tadashi Kamata

President of Research Center for Charged Particle Therapy, National Institute of Radiological Science

1979: Graduated from Hokkaido University School of Medicine

(Radioprotective Functions), Chiba University Graduate School of Medicine

Special fields: Radiation oncology, and bone and soft tissue tumors

Doctor Yutaka Ando

President of Research Center Hospital for Charged Particle Therapy, National Institute of Radiological Science

1976: Graduated from Keio University School of Medicine

2002: Assistant Professor, Department of Radiology, Keio University School of Medicine

Specialty: Radiation oncology

Doctor Hiroshi Tsuji

Head, Radiation Oncology Section, Research Center Hospital for Charged Particle Therapy, Independent Administrative Agency National Institute of Radiological Sciences

1982: Graduated from Hokkaido University School of Medicine

1995: Lecturer, Faculty of Medicine, University of Tsukuba

Special fields: Prostate cancer, malignant melanoma of the eye, and lacrimal gland cancer

Doctor Naotaka Yamamoto

Head, Treatment Team 1, Radiation Oncology Section, Research Center Hospital for Charged Particle Therapy, Independent Administrative Agency National Institute of Radiological Sciences

1988: Graduated from Shinshu University School of Medicine

1988: First Department of Clinical Research (Lung Surgery), Chiba University School of Medicine

Special fields: Radiation oncology, and respiratory surgery

Doctor Shigeru Yamada

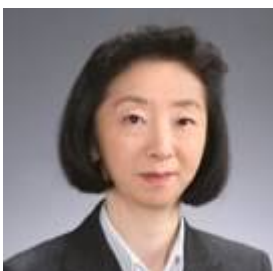

Chief of Therapeutic Room 2, Radiation Oncology Section, Research Center Hospital for Charged Particle Therapy, National Institute of Radiological Science

1986: Department of 2nd Surgery, Chiba University

1992: Department of Gastrointestinal Surgery, Chiba Cancer Center

1996: NASA Johnson Space Center, USA

Specialty: Radiotherapy (gastrointestinal system/mammary gland) and gastrointestinal surgery

Doctor Kumiko Karasawa

Chief of Therapeutic Room 3, Radiation Oncology Section, Research Center Hospital for Charged Particle Therapy, National Institute of Radiological Science

1986: Graduated from Tokyo Women's Medical University

2000 年: Lecturer, Department of Radiology, Tokyo Women's Medical University

2005: Assistant Professor, Department of Radiology, Juntendo University

Associate Professor of Juntendo University

Specialty: Radiation oncology, breast cancer

○ **Doctors from Gunma University**

Takafumi Nakano Professor, Heavy Ion Medical Center

Tatsuya Ohno Professor, Heavy Ion Medical Center

Yoshiyuki Suzuki Associate Professor, Heavy Ion Medical Center

Yoshinari Koyama Lecturer, Heavy Ion Medical Center

Junichi Saito Lecturer, Heavy Ion Medical Center

Hiroki Kiyohara Assistant Professor, Heavy Ion Medical Center

Hiroyuki Kato	Assistant Professor, Heavy Ion Medical Center
---------------	---

Shinei Noda	Assistant Professor, Heavy Ion Medical Center
-------------	---

Katsuyuki Shirai	Assistant Professor, Heavy Ion Medical Center
------------------	---

Kei Shibuya	Assistant Professor, Heavy Ion Medical Center
-------------	---

Tomoaki Tamaki	Assistant Professor, Heavy Ion Medical Center
----------------	---

Takuya Kaminuma	Assistant Professor, Heavy Ion Medical Center
-----------------	---
